Dear Ms. Haskins;

This is in response to the record request we received on July 22, 2019 for the following items associated with our agencies participation with the Ring application "Neighbors". Enclosed please find copies of records that satisfy this request.

As custodian of records for the Sheriff's Office, I must balance competing public interests when determining whether or not to release a record in my custody. In reaching a determination whether to disclose the requested information, I have considered all relevant factors, including those exemptions created by Wisconsin Statute, which presume that the legislature has predetermined that the interest in non-disclosure outweighs the interest in disclosure. I have also considered principles contained in the common law and in so doing, have balanced the public interest in disclosure versus the public interest favoring nondisclosure. Because I have determined that the interests favoring nondisclosure substantially outweigh the interest in disclosure of some information contained in the records, certain items requested cannot be produced or provided for the reasons stated below.

1. You requested all instructional materials, presentations and presentation materials (including recorded video and audio, PowerPoint files, prepared remarks and slide formats), and other guidance on the use of Ring devices and/or the Neighbors app. This includes A) any note taking during meetings that discussed the use of Ring devices and/or the Neighbors app, B) any explanations (whether internally or externally generated) of how Ring devices and/or the Neighbors app work and C) any other document that has been used to help explain the use of Ring devices and/or the Neighbors app to any party, including internal documentation, public relations materials and executive summaries.

Any instructional materials, presentations and presentation materials (including recorded video and audio, PowerPoint files, prepared remarks and slide formats), and other guidance on the use of Ring devices and/or the Neighbors application are not considered the record of the Dane County Sheriff's Office, but rather the record of Ring. These records fall outside the parameters of the contractual obligations between Dane County and Ring. The materials may also contain trade secrets as defined by Wis. Stat. §134.90(1)(c) which may be withheld. Please contact Ring directly regarding these items. Because of this, your request for this particular information is denied in that these records and materials are not maintained by this agency.

Furthermore, any notes taken during meetings about Ring prepared by the originator solely for their personal use are not being provided as they are not records as defined by §19.32(2), Wis. Stats.

The documents used to help explain the use of the Ring "Neighbors" application and public relations materials are enclosed.

2. You also requested a copy of any privacy impact assessments, use policies, standard operating procedures, data retention policies, legal opinions, warranties, non-disclosure agreements, contracts, liability waivers, insurance agreements, Requests for Proposals, Responses to Requests for Proposal, Memorandums of Understanding, Letters of Interest, usage policies or informal agreements between our agency and Ring.

I have searched our Records Management Database and did not locate any privacy impact assessments, use policies, standard operating procedures, data retention policies, legal opinions, warranties, non-disclosure agreements, contracts, liability waivers, insurance agreements, Requests for Proposals, Responses to Requests for Proposal, Letters of Interest, usage policies or informal agreements between our agency and Ring. Because these records do not exist, your request is denied based on § 19.32(2), Wis. Stats.

The Memorandum of Understanding between the Dane County Sheriff's Office and Ring is enclosed.

3. Additionally, you requested a copy of any funding opportunity announcements, grant applications and grantor status/progress reports, reports to legislative bodies, annual reports that mention Ring or the Neighbors app, as well as audit records, including but not limited to security audits of the software, misuse reports and reports to oversight bodies.

Because these records do not exist, your request is denied based on § 19.32(2), Wis. Stats.

4. Finally, you requested any digital communications including but not limited to emails and text messages) as well as documents, (including but not limited to PDF, word processing, excel, and slide documents) that mention Ring or the Neighbors app.

If any exist, the records you requested regarding agency email are not the record of the Dane County Sheriff's Office, but rather the record of Dane County Information Management. Please contact Dane County Information Management directly regarding this portion of your request.

Memorandum of Understanding

This agreement is entered into this 15 day of April, 2019 by and between Ring LLC ("Ring") and Dane County Sheriff's Office ("Agency"), (collectively the "parties") and will provide Agency access to the Neighbors Portal to communicate with users of the Neighbors app ("Ring Neighbors") and encourage community engagement as we work together to make Dane County ("County") neighborhoods safer.

- Neighbors by Ring app ("Neighbors App") is a digital neighborhood watch that both law enforcement and the public may access free of charge by downloading the Neighbors App (iOS and Android).
- The Neighbors App allows users to share and comment on real time crime and safety events in their neighborhood.
- As part of the program, Agency may:
 - Utilize the critical crime and safety events that are posted in the Neighbors App by Ring Neighbors to assist in law enforcement operations and investigations; and
 - Post information relating to critical incidents and other incidents in the app to keep Ring Neighbors informed regarding issues in their neighborhoods.

With an understanding that a robust, active and engaged user community is essential to the immediate, sustained and ongoing success of the program, the parties agree to the following responsibilities:

Ring

- Make the Neighbors App available to City residents free of charge.
- Make the Neighbors Portal available to Agency free of charge, including ongoing support and training for Agency employees.

Agency

- Maintain appropriate access controls for Agency personnel to use the Neighbors Portal.

Press Release

The parties shall agree to a joint press release to be mutually approved by the parties. Neither party may use the other party's name, logo, or likeness in any advertising or press release without prior written approval of the other party. Notwithstanding the foregoing, Ring shall be permitted to provide in-app alerts to Ring Neighbors announcing Agency's participation in the Neighbors App.

Term

Agency's participation in the program shall commence upon Agency's acceptance of these program terms. Either party may terminate Agency's participation in the program at any time by providing 30 days' written notice to the other party; provided that in the case of material breach of this Agreement by the Agency, Ring shall only be required to provide three days' written notice to Agency.

Privacy and Terms of Use

Ring will not provide any customer personal information, including video footage, to Agency without the prior

consent of the owner or properly issued legal process that complies with federal and state law, as applicable. Agency agrees to use the Neighbors Portal only as expressly authorized by Ring and only in connection with bona fide Agency work. Ring's terms of service and privacy notice, as posted on Ring.com, shall apply to all uses of the Neighbors App and, as applicable, the Neighbors Portal.

Compensation

At no point shall either party receive compensation from each other as a result of this program.

Confidentiality

Unless otherwise required by law, the Parties shall not disclose the terms of this program or any information that is designated as confidential or that, given the nature of the information or the circumstances surrounding its disclosure, reasonably should be considered as confidential.

Dane County Sheriff's Office Joins 'Neighbors' by Ring to Provide Users with Real-Time, Local Crime and Safety Information

Madison, WI. May 28, 2019 – The Dane County Sheriff's Office announced today that it is joining the free Neighbors app by Ring to provide the Dane County community with real-time, local crime and safety information. The Neighbors network already has millions of users and has been instrumental in catching package thieves, stopping burglaries and keeping neighborhoods safe.

Residents can text "danecountywi" to 555888 from their smartphone to download the Neighbors app for free on iOS and Android and use the app to: join their neighborhood, share crime and safety-related videos, photos and text-based posts; and receive real-time safety alerts from their neighbors, local law enforcement and the Ring team.

"We're excited to team up with Ring on this new technology," said Sheriff David Mahoney. "Our deputies can spend hours during a crime investigation seeking out video from area homes and businesses. This application will save us time and help keep our citizens informed of what's happening in their neighborhoods."

Jamie Siminhoff, Chief Inventor and Founder of Ring, said: "Over the past few years we have learned that, when neighbors, the Ring team, and law enforcement all work together, we can create safer communities. Neighbors is meant to facilitate real-time communication between these groups, while maintaining neighbor privacy first and foremost. By bringing security to every neighbor with the free Neighbors app, the Dane County community can stay on top of crime and safety alerts as they happen."

How it works:

- Text "danecountywi" to 555-888 or click here, <https://download.ring.com/danecounty> from your smartphone to download the app for free on iOS and Android.
- Opt-in to join your neighborhood.
- Customize the geographic area you want to receive notifications for (users must verify where they are located and cannot participate in other neighborhoods).
- Receive real-time alerts from your neighbors, local law enforcement and the Ring team that inform of crime and safety posts via a live feed or interactive map.
- Share text updates, photos, and videos taken on any device, including Ring's home security devices.
